“ Abby was a "human" puppy. She knew people by name, directions to mamaws house and anything we said. Being empty nesters, she was our kid!! She loved slim jims and her pop brought her one EVERY day!

Sweet girl ,this house is not the same since you crossed the rainbow bridge! We miss you so much and will love you forever! Pops only hope is that he will see you again. Run free with your friends,Landon & Brantley until you meet us at the Gates! XOXOXO
