“ *Abigail was a very loving, friendly, high spirited boxadore. Everyone liked Abigail. Abigail loved going to parks with her daddy Ryan chasing tennis balls and chasing frizbees. She loved playing frizbee golf with her daddy and riding in the car while giving him wet kisses. Sadly she left too soon. I do know she is in a better place running free at a high speed and free of pain. I will miss you sister and miss seeing you sitting in the dining room window guarding the house. Love you " Grandma" Ok Ryan I said it. Precious girl. I will miss you girl!*
