“ You will be missed. You were a complete sweetheart. I’m so glad you got to experience your life with Courtney and Toby. I know they loved you so much. I hope you find Dex and Cole over the rainbow bridge and you guys can comfort each other until we get there. I’ll miss y’all but I’m glad you’re no longer in pain.

“ You were a very hard kitten to catch but as soon as I seen the love between you and Courtney I knew you would be a great cat for her. You have been an amazing friend for Courtney and I want to thank you. She will miss you dearly but I know you will always have the same spot in her heart forever. Now you may rest because you did your job well as being a great friend.

“ Alice was an amazing cat! She was so sweet and loving, and always down for a good nap! She'd be sure to get white fur on everything! She mommies some of the best kittens as well. She was an all around ball of happiness. She is loved and missed ❤️

“ Alice was my very first cat. I found her at 13 years old as a little kitten. We shared over half of my life together. 13 and a half years. She was with me through so much. She was a good girl and she will be missed forever.
