

Angel Ricketson

August 10, 2013

Angel was born in late fall of 2000 on a farm in Hope Hull, AL. She chose her new owner by repeatedly jumping into her car one afternoon during Christmas 2000. She was not a good car traveler and it took lots of ham to sooth her.

She grew up in Birmingham, AL and later moved to a house by a lake and enjoyed watching the birds, ducks and swans. Often she would make quacking sounds at the window. She developed great escape artist skills in trying to get outside. Sometimes her owner would walk her on a leash so she could smell the bushes and the flowers. She liked moving her stuffed pet babies around the house.

In her later years she enjoyed resting and sleeping in the bed with her owner. She died peacefully at her Vet's clinic with her owner and family by her side on August 10, 2013.
