“ Archie Blue, a rescue kitten @ 4 months old. October 2008, My husband and I drove to St. Louis, MO to pick him up. At the time, we lived in LR., AR, which was over a 300 mile drive from our home. Archie Blue was for my husband who was suffering from chronic pain from a back injury. We picked up Archie Blue and he proceeded to throw up in our car. After that, he got in my lap and slept most of the way back to AR. Archie Blue was a sweet rambunctious kitten. He broke a toe on his left paw running down our staircase. My husband built a "cattio" on our front porch, Archie Blue loved it! Archie Blue enjoyed going out for walks on a leash. Many people who saw this were amazed! My Archie Blue was my guardian companion after my husband died 4 yrs. ago. Sadley, Archie Blue developed diabetes 2 yrs. ago and was doing pretty well until 2 month's ago.
I miss my Archie Blue so much.💙💙
