“ Our Baby Girl was such a sweet and loving cat, she was adopted by our son as a gift for me (his mother) for her Birthday in 2004. Baby had accepted a new born kitten left on a friends doorstep in 2008 and we took him home and named him Bitsy (he was so tiny) Baby took care of Bitsy like he was her own, both were indoor cats. Baby had given our family so much joy for 12 years and is dearly missed. Bitsy has gone thru sadness for awhile but is getting better and getting back to his loving self. Our 2 crippled rescue cat Buddy is still sad and looks for Baby everyday, because they slept together, he will be fine as he isn't crying for her as of today. Baby was truly loved and she loved us too.!!
