

Bama Horsley

February 2, 2026

Bama was my baby. I loved her so much. I have had her since she was 2 days old because her mom had died. I bottle feed her and heated towels in a dryer so she could keep body heat. I also carried her around in a fanny pack when she was a baby. She followed everywhere I went.. She was always in my lap or at my feet. You could ask her where her baby was and she would look for it.. but she was the baby...She was the most loving and wonderful dog I have had. She was my child in so many ways. I will forever miss her and love her. A part of my heart is gone forever...
