Barkley was so loved he had a deer like personality but he knew when you needed his attention he was a very beloved family member and will be missed daily. You might not be by my side anymore but you will always be in my heart!!!!

My sweet baby boy. I knew that if the day would come that you would be gone it would hurt but I didn't realize just how much. The house is quiet without you here. Your food bowl still sits next to sisters and you not here when treats are given just doesn't feel right. I can still picture you running the fence line and giving the neighbor dogs hell. The boards have grooves from your nails. You always loved to bask in the sun and it always tickled me how you would cross your legs. I miss my cuddles at night and I miss rubbing your soft ears. From the time you were a puppy til the time you left us, your personality shined. You are missed by many and it is still hard to accept you are gone but I know you are with Mama Scott, Cuddles, Precious, Colby and Calico kitty. I will see you again on day. Until then you are in my heart always. I love you and I miss you terribly. You were loved dearly!
