No obituary found for this tribute.

Tribute Wall

TG

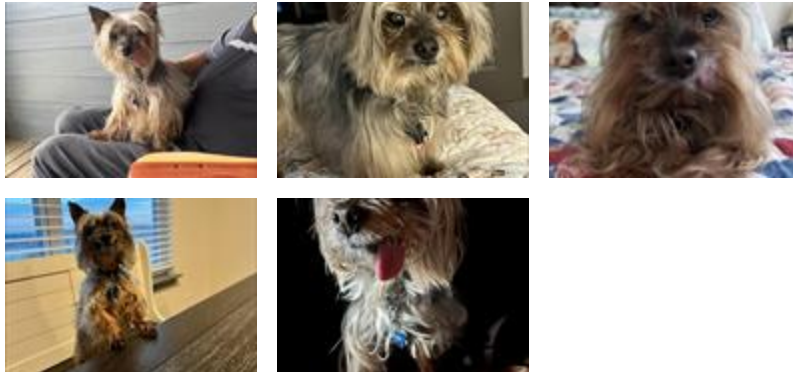

“ Oh Beckett, it's been three long weeks since you passed over that Rainbow Bridge into Taylor Lee's arms. I hope the two of you are doing well and playing like old friends. I hope that you are bringing her joy and that she is petting you every single day and snuggling with you just like momma did. Daddy bought me a necklace that says "I still need you close to me." And I do. I love you my little man.
