CC

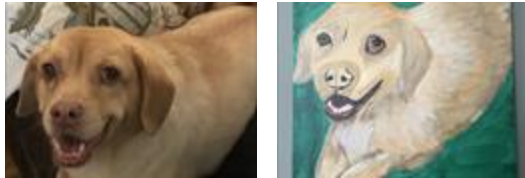

“ Sweet Bella - such a spunky, feisty little girl. She loved her family including all of the crazy dogs in it.  
My favorite memories of her involve her just being Bella: digging after chipmunks, killing squirrels, and chasing after deer. I used to also like to watch her fight bigger dogs - and win. She wasn't scared of anything.  
You both gave her a wonderful life and I know that she was very grateful - she expressed that with her love
