“ *Bella was my baby Dudley's best friend. She always gave him a kiss before we started started our walk. My goodness how she loved her treats! Sweet memories of happy times spent with them.*

“ *Ms Bella was always so special and sweet. Whenever I would go over to let her out to go to the bathroom she would run outside TT and run back in as quick as she could. Then she would wait for a treat. She would get so excited to get her treat. But not as excited as when her Mom would come back home.
I miss her. Brenda*

Oreo and Cookie loved to walk with Bella. They always got along so well together, even though Cookie would get jealous if I paid her any attention. She will be missed!

Bella was a special little girl and my Paris is best friend. She had such a sweet way about her you couldn't help but love her. Peggy celebrate her life as you mourn her death. We only have them for a short time but our lives are changed because they were part of it, and changed for the better.

“ Bella knew her Aunt Jeane's voice over the phone. I just called "Bella, Bella, Bella and she would go looking for me. We spent many wonderful times together when Peg and Bella came to visit. Sweetest little dog ever and greatly missed by all who loved her.
