“ Biscuit joined our family January 10, 2017. After we had been home invaded we went to the Birmingham Humane Society and found the dog that could bark the loudest. From the records they had he would have been about 8 months old. He became a lifelong friend. He loved our whole family but especially our granddaughter Lizzy. He would be sad for days after she left. He had his little quirks but they were what made him so special.

When my husband passed away suddenly, Biscuit grieved right along with me and my family. If I needed to talk or let out my feelings, he would listen to me and grieve right along with me. He would lay his head on my lap and look at me with those beautiful eyes and let me know he loved me. When my mom had to move in with us at the age of 89 years old he became her guardian angel. He would take almost every step she took trying to protect her. When the day came, she had to leave our home he grieved with us, and of course couldn't understand where she was. He was my best friend, counselor, and confidant. I miss him every day. I thank God, He led me to Biscuit at the Humane Society. I wish everyone could have a friend like I had in him. I love you Biscuit and thank you for your unconditional, non-judgmental, never ending love and friendship. I hope someday to see you, Mack, Gee and all of my other furry friends. I love you and you will always have a place in my heart.
