

## Blanche Emerson

May 2, 2017 - April 18, 2024

"Blanche, you were absolutely the sweetest, most loving dog and rescued me many (many) times. I'm sure Covid was your idea so you could be with me 24/7! All your comfort through broken bones, torn tendons, painful losses and countless heartbreaks were just so tender and special. You never met a stranger and I wish I could post all the many photos I have of you with friends.

If I could have saved you from the horrible disease (kidney), I would have. But your time was done and we both knew it. You were a fighter until the end. Thanks to the wonderful staff at Homewood Animal Hospital and Blue Pearl for giving us an additional 6 months.

So go find Lucy and ya'll try not to swap too many stories as you wait for me at the rainbow bridge. You are in my heart forever and I love you.

Blanche Devereaux 05/02/17 - 04/18/24"
