“ *Blu was a special dog to me and my family.
She wasn't just a normal dog that sits and
shakes. She was like my sister. My mom
would say "there's sissy" and she'd come
running right to the car knowing I would be in
it. She was my favorite dog in the entire world. I loved her. Rest in
peace sweet girl, sissy loves you*❤️🐾

“ *I got her when she was just 8 weeks old my twin sister has just passed away and she helped me cope with my sisters loss. She slept in the bed with me every night and went everywhere I went. She was my best friend she didn't act like a dog she acted more like a human. I wasn't expecting this to happen I figured we had many more years together. 5 months ago she had 3 beautiful puppies and they remind me everyday of what a awesome great companion there mother was. I keep expecting her to just walk in or outside chasing a squirrel but she will forever be in my heart cause when I needed her the most she never left my side never I couldn't even go to the bathroom with out her right there with me she knew I needed her an when she needed me I was right there with her I wish she were here but I know she isn't in pain anymore an will always be with me in spirit. RIP my baby girl momma aka Blu I will always love u an never forget u!!!*
