“ We adopted Bob and his siblings from Save Our Strays in 2005. They were found at about 2 weeks old, without a mom. We bottle-fed and raised them. Bob was extremely stubborn and liked to pester some of our other kitties, but he was a sweet boy to his siblings and his people. He didn't like to be picked up, but he liked to sit in laps, and he always loved to cuddle with his littermates. He and his sister Aubrey used to play-fight a lot, but they could always be found snuggled up together later. Bob was with us for 17 years, and it will be very difficult to get used to him not being here. I know one day we'll be reunited and i can't wait for that day. I love you, Bob!
