

Bonnie Kennedy

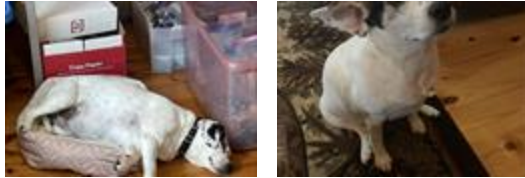

October 31, 2024

Bonnie was our rescue baby girl. She was skinny with an old red collar when she showed up at our home. She quickly became part of our family and loved to run and hunt squirrels and lizards. She lived a wonderful life and made our home complete. I will forever miss her and long for those sweet cuddles she loved to give and all the belly rubs she demanded. My heart will forever be broken.
