

## Boo Boo Thompson

March 7, 2025

We finally had to say goodbye to our sweet and precious Boo-Boo. She picked us out years ago and took up residence in our hearts faster than we could have ever expected. She was our traveling companion and went across this country twice. She's had her paws in the Atlantic Ocean, Pacific Ocean, and in the Gulf. She's camped in the wilderness and in the backyard. She was our copilot on those trips, our BMX pit crew and mascot, she was our crumb catcher and snack snatcher. She loved running in the sand at the beach and riding in the car, but more than that she loved cuddling with us in the bed and on or under blankets or by a warm fire. She never knew what it was like to be lonely or scared once she adopted us as her family. It's amazing how much you can love a dog. She was an amazing and loving and smart little dog who simply stole our hearts. She will forever be loved and missed.
