

## Boog McCartney

July 1, 2024

Boog was the sweetest boy from day one! We got him in late 2011 from an animal hospital, a few months after the bad tornado that hit around Lake Martin. He had been found injured on the side of the road right after the tornado . No one ever claimed this sweet boy so we adopted him. He loved everything and everybody. Always happy and wagging his tail. We are broken hearted that we lost you but we know we will see you again! You will never be forgotten our dear sweet Boog!
