My beautiful little Brooks was my 3rd child and understood everything I said to him. He was more human than a dog. I miss you so so very much & will until the day I die! I know you are now healthy, and having the best time in heaven! I love you my precious boy!

“ It has been one month today since my beautiful, sweet, little boy left us, & my heart still breaks everyday from missing him. 😭 I wish he was still with me. I love you my Brooks. 💙
