“ *Buklee, I remember the day you became a Westerfield. I knew in my heart it was meant to be. You were such a loving and beautiful baby. My most vivid memory other than that day is driving you back to Birmingham and an 18 wheeler sped by us. You got so spooked you jumped under my feet onto the pedals. I couldn't move you and to this day I still don't know how I managed to pull over and finally stop the car. We both sat there hugging each other and collecting ourselves. You were a fantastic baby. Our heart breaks but we carry you and all the wonderful memories with us. Now go play with Oaklee, I'm happy y'all are together! ❤️*

“ *Buklee,
You were such an amazing dog. You were so sweet, kind and loving. I'm going to miss you holding out your paw for me to rub and you leaning up against me just to be close. You were so precious to me. Rest in peace sweet baby. I love you so very much!*

“ *My sweet Buklee loved cuddles, feet rubs, and most of all her sister Raynee. We miss you every day. I miss you not meeting me at the stairs with a toy. We love you sweet girl.. life will not be the same without you!!!*
