"Chevy was my first dog and she was the sweetest dog you'd ever meet. She loved love, she loved her people. Never went too far away from them. Didn't play with other dogs because she thought she was human. Some might say she looked like she was smiling sometimes. The people that knew her loved her and we are blessed to have known her and to have been loved by her. See you in heaven again someday because I know you're waiting on me sweet girl." - Kacee Sorrells
