

Chewie Johnson

November 28, 2018

Chewie Angus Johnson rescued us when he was four months old. Our youngest son Nathaniel saw Chewie on PetFinder, and it was love at first sight. The folks at the Carroll County, Tennessee, shelter met us half way, so we could adopt him. We don't know the day of his birth, but we were told that he was born in November 2006 to a Mom who was a Labrador Retriever, or mostly Labrador Retriever.

Chewie was an important part of our family until the day he became so sick that it was time for him to cross the Rainbow Bridge. Chewie was fun to have around, gentle with children, easy going, yet protective of his people if he felt any of us needed to be protected. He loved to ride in a car and was the best traveling dog a family of travelers could ever have. Most of all, he loved us all unconditionally, and we loved him.

His departing from us November 28, 2018 left a big hole in our hearts and our home. There will never be any way to ever "replace" such a fine fur baby. He leaves behind a large family and many friends who loved him very much. If anyone wants to know more about Chewie and his adventures, you can go read the tribute his "Dad" wrote for him at <https://ajhomeontheroam.com/2018/12/15/chewie-angus-johnson/>
