“Chico, you came to me for only a very short time looking for someone to take care of you. I brought you in to live with your extended family of felines. You, Bingo and Pete looked almost alike, almost like brothers. Orange long haired Tabbies.

You were only with us for a short time when new friends came calling for you, Rick and Billie. Two of the most caring and warm people on the planet. You needed them and they needed you.

But you always stayed in touch. And so, we shall always stay in touch although you've gone on. In our memories and simple photos, your presence will always be with us.

I miss you buddy. Jim and Charlotte Powell

“On August 11, we lost one of our fur babies. Chico was more like our child than an animal. His favorite place to be on a bright, sunny day was outside on our deck. Of course, if he managed to get outside, he went on a walk about of the neighborhood. He always came home 😊. He was his Daddy's “sleeping” partner. We miss him more than words can describe. We hope you will wait for us on the other side of the “rainbow bridge.”
