“Chili loved life and especially his older brother Peppy. He lived in a special world called "Chili's world". To him everything was wonderful and he demonstrated that by purring when he was drinking water, eating or just walking around. He tried to take care of all of the other cats, especially Peppy. Now he has been reunited with his older brother and is probably grooming him right now. :) So all is right in Chili's world again. :) Love that special cat with an angel's heart.
