“ not having her here anymore sucks so badly. We all miss her so much and our house isn't the same without her. I have so many memories with her its so hard to pick just one that's my favorite. It could be her trying to bite our vacuum cleaner or the broom and bark at it, or it could be my dad playing with her and her bone. She was such a playful and fun dog although not all the time friendly to new people she was loyal to us and the best friend a girl/guy could ask for. I think about her every day and i will for the rest of my life because she's my childhood dog and no matter how many animals i have/will have she will always be my baby. Some days are harder than others to greave and its gonna take a while but she will always be in my heart and ill keep her toys and bones to remember her forever. If she could here us right now id say i miss her so so so much and id do anything to bring her back here because my heart feels empty when shes not here. We miss you and love you chlobo
