

## Cookie Johnson

February 28, 2025

18 years ago a little girl got the best gift I could ever asks for a little Jack Russell Terrier. Cookie has been there through it all with us. I've learned that God sent her to me. She is patient, loving, kind and forgiving. From sneaking her into the car on the way to school to having her next to me at the beach she was a princess. I had to make the devastating call that it was her time her body has given out. I know she is in the big house running around and playing fetch with our first dog Aubie I just know she is happier than ever to see him again.

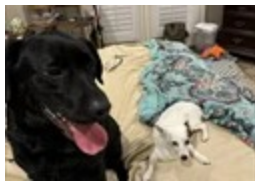

Cookie went in the best way possible surrounded by her family getting treats, hugs, kisses and lots of love as the bridge was crossed. There is a huge hole in my heart but I am thankful for the 18 years I got to have of loving (Sugar Cookie Sassy Conn Johnson). Thank you Sissy Girl for being my best friend and getting me thru the years! Daddy, Mommy, Jacob, Gavin and Sissy, Skeeter and Tito miss you. Go run and play and enjoy paradise sweet girl.
