“ We chose Daisy from a small shack at a local shelter. There must have been a dozen tiny kittens in there, but only one calico. We had another loving calico, Heidi, for nearly 20 years, so Daisy was an easy choice....for us. For her? Not so much at first. She had a mind of her own, and was initially reluctant to bond with us. At one point we called the shelter and asked if we could return her. Daisy heard that and from that moment on she was a gem. We truly miss her now that she's gone.
