“ *Miss Daizy Lou,  
Thank you for all the 12 years of love and joy you provided me.  
You will forever live in my heart. I just miss you being beside me.  
I miss our walks, your clowning and no shame in it, the way you  
smelled, your bizarrely soft fur, the way you always knew when I  
needed extra love, the way you listened, the meaning you and Tripp  
gave my life.  
I love you, baby girl. Thank you for everything.*
