"Diva...you brought such joy to us..you made our home a happy place...the little things you did that we laughed about still make us laugh today..we miss you so much..you were such a beautiful sweet girl..next month would have been your 19th birthday...you tried to hold on..but you needed to rest..you fulfilled your purpose..we love you..you left us with so many memories....glad mom said she would share you with me...you were such a comfort to her..her friend..her protector..a comfort to her.. I'll take you to mamma..love you sweet Diva girl ..."
