“ Sweet Duke, we miss you so much everyday. Our family thanks you for being the best dog ever. You were loyal and protective until the very end. You loved us so much and we thank you for giving us 9 wonderful years with you! I wish I could have made all the pain and suffering go away in your last days but Cancer reared it's ugly head. It was such a hard decision to put you to sleep but we couldn't stand to see you suffer and wanted you to be at peace. You will forever be our Fur Baby ❤️❤️❤️!!
