“ Thinking about my number one harasser and missing you-I know your Mom and Dad miss you more than you could know. You brought them so much joy and you will be so missed. See on on the other side little man!

“ Hey Buddy Boy! You've been my very best friend for So Many Years! Thank you for letting me into your pack. My heart is broken and I miss you so much, but you told me it was time. You were such a fighter and you held on as long as you could. You did that for us. Now go and be with Strudel. I love you so much!

“ My baby boy, you are missed dearly. You were my first true love and angel to come into my life. You were the bestest friend I have ever had. Thank you for sticking it out with us through your pain and disabilities in these past months. You were a trouper and did it for us. I love you so much, in life or death that'll never change. My baby I hope you're with Strudel, grandma and Beba. It's too soon for me but I hope I'll find you and smother your softest fur again. You're my forever heart and I love you no matter where you are. Sweet painless dreams my baby boy 🥹
