February 19, 2024

"Sweet baby girl, you will be missed so much. You were my best friend. You knew when I was happy and you knew when I was sad and you were there for me. I can't believe you're gone. My heart is broken and my life forever changed. I thank god for the time we had together and I loved being your mommy. I'm going to miss your quirky ways, your kisses, and your back seat driving. I know your with Savannah now and she will take care of you until we all meet again. Your sister misses you too. She keeps looking for you. I tell her you had to go to heaven and we will all see you soon. No more pain baby girl only Love." - Dawn Davis

“ I opened my heart to a new little one. I know
that's what you would have wanted me to do.
Give love and life to another baby like you. I
find myself calling your name or Addie's name
by mistake. She plays like both of you and
loves like both of you. She's helped me to heal somewhat but I will
always love you and always remember you, Forever! Your always
with me always in my heart, Forever!

“ It was 2 years ago today that I had to let you go. That was a horrific day for me and I have missed you and thought about you every day since. You were my life and my love and I have not been the same since. I would give anything to have you back and I know that's not possible. I'm comforted in knowing you are waiting for me in a special place, with you sisters, Savannah and Addie. And you are running free, playing in a beautiful field. I can't wait for the day I see my girls again. I LOVE you Dutchess always and forever.

“ We adopted a small baby. She doesn't take your place. She was abandoned by her family and was alone and scared. I felt it was the right time to open my heart to another girl. I love and miss you so much still. I think about you every time I look at her and see you when we first got you. I know you'd want me to help another. My life is still lonely without you but she does help my sadness. No one could ever replace you baby.

“ I’m thinking of my beautiful girl. Missing you so much. Remembering your special ways. You brought be such happiness and were my bestest friend. The days are hard. I won’t forget you ever. You were so much apart of me that I don’t know how to be me anymore. I’m unhappy, sad, lost and lonely. I cry almost everyday for you and Addie. I drove by the Vets office last week and it brought back the worst days of my life. I always wanted to be with you when it happened. I was afraid if I went first you’d think I abandoned you. I stayed the whole time holding you and telling you how much I loved you and how much I’d miss you and what an amazing girl you were. I held you tight and kissed you over and over. That day was my lowest day and then a month later I lost Addie. You 2 were my life my fire my everything. Now I have nothing to look forward to. I go through the motions one day to the next. I hope heaven is real. I hope you and Addie and Savannah and Gus will be there to greet me. That’s all I have to hold onto. Love and miss you baby girl.

“ *Missing you so much. Words cannot describe how lost I am without you. My heart hurts all the time. Not a moment goes by that I don't think about you and want you here. Life is so unfair. I don't have my best friend to talk to and love on. You were the best girl, always by my side, always full of love. I could always count on you for loving support. Now I'm by myself. And I try everyday to pick myself up and do what I need to do to get through the day. The house is so quiet and feels so empty which doesn't help. You were my child. I lost my baby. I'll never be myself again.*

My heart is still in pain and I miss you everyday and wish you were here with me. You saved me at A low point when I lost Savannah. And now I feel like Zira is going to save me from this low point of losing you and Addie. I know it's right because you found me and so did Zira. I wasn't looking or even thinking of having another baby. I Love and Miss you Always Always and Forever. I WILL see you again.*

I will never forget all the wonderful days we had. My dear friend. Your loss is immense and has impacted my entire life. I will always love you , never forget you, wish you were with me. “ Today is a horrible day. Today is the day you left. I think about that day all the time. I replay it in my head over and over. Did I make the right decision. In my heart I feel I did. And then I think...was I a good mom. Did I play with you enough. Did I love on you enough. Did I spoil you enough. And I wish I could take back anytime I raised my voice. You were my everything and I know I was and I did but I guess I just can't understand why this happened like it did. I don't know why god needed you right then. I spent my life loving you and Addie and I lost you both so close together. I wasn't ready. I always hoped you girls would go in your sleep when that time came. It was so hard to decide. I want you to know how much I Love you and how much happiness you brought to my life. You were there everyday, no matter the mood, no restrictions. You Loved and comforted me unconditionally. You were an amazing friend. There is no one in my life that means more to me than you and Addie. I would have died for you if I could. Your forever in my heart and always on my mind. I will Love you until the day I die. I sure hope heaven is real. I'm counting on seeing you again.

“ My sweet baby girl I miss you immensely. There are no words to describe how badly I feel. Your absence is the worst feeling. The house is so quiet and lonely. I miss hearing your steps on the floor, and seeing your happy face when I wake up. I miss touching you and feeling your velvet soft fur between my fingers and your wet kisses on my face. You brought me so much love and happiness and support. I’m pretty much alone now. No one to talk to, no one to listen. You and Addie were my children, my love. It’s almost a year since you left and I just can’t let you go.

A thousand times I will ask why you had to leave,
And there will never be an answer.
Many will tell me to stop grieving, time has passed,
But for me, this pain will remain as fresh as the moment you left.
Everyone will continue with their lives as if nothing happened,
While mine has completely and radically changed.
My strength lies in thinking
That each day that passes is one less day until I see you again.

Remembering you is easy I do it everyday but missing you is a heartache that never goes away. I hold you tightly within my heart and there you will remain as my life goes on without you but will never be the same.*”

I hope where ever you are, you’re running and playing and being goofy and eating lots of treats. I’ll see you soon.

“ The last few nights I’ve heard you flap your ears like you always do. I woke up hoping that you would be by my side, but you weren’t. Last night, I swear I felt you bump my hand with your nose while I was sleeping, but when I opened my eyes you weren’t there. It’s so hard without out you. I LOVE and miss you so much. I know you’re here with me but the house is so quiet with you and your sister gone now. I miss hearing both of your nails on the hardwood floor and watching you 2 play together. But I’m glad you have each other and Savannah. Know I’m thinking of you every minute of every day. Your always and forever with me.

“ Sweet baby girl, you will be missed so much. You were my best friend. You knew when I was happy and you knew when I was sad and you were there for me. I can't believe you're gone. My heart is broken and my life forever changed. I thank god for the time we had together and I loved being your mommy. I'm going to miss your quirky ways, your kisses, and your back seat driving. I know your with Savannah now and she will take care of you until we all meet again. Your sister misses you too. She keeps looking for you. I tell her you had to go to heaven and we will all see you soon. No more pain baby girl only Love.
