“ *Ellie was just 10 wks old when we got her for our 8 month old grandson in Feb 2009. She would have been 14 yrs old in late December. She LOVED her humans and we loved her. Her passion was balloons....she loved to play balloon volleyball and would bring it to you by the knotted end so it could be thrown again. She would do this until the balloon popped. Love you sweet Ellie, we miss you!* ”
