You were more than just a pet... you were family, my buddy, my best friend, and my sweet boy. I'll always love you and miss you and forever wish you were still here. Fritz you're loved and missed by so many people. You always loved us so much.

“Fritz was such a good dog. Loved him. He was super smart. Taught him to shake with both paws in a couple minutes. He always liked to sit in my lap. He was a sweet and loving boy. It was always enjoyable watching my grand dog Fritz. He loved all of his kitties. He would howl when the home phone would ring. You will be missed and never forgotten.
