

## Frodo Cosner

July 8, 2024

Frodo was the best family dog and friend a person could have. He was honestly more like a sibling to me than the family dog. He came into our family when I was in 7th grade and he stayed throughout the majority of my college career. Frodo was the most relaxed, sweetest, and funniest dog you'll ever meet. Frodo had many nicknames throughout the years, but my favorites will always be "the emperor" and "froyo". Frodo got "the emperor" because of how he would put one paw on top of the other and because he took the biggest chair. He was given the name "Froyo" by my now husband when we first started dating 5 years ago. Frodo was loved by many and will be missed dearly. We'll see you in heaven soon sweet boy. I love you Frodo!
