“ Frosty was so pretty. I miss seeing her. She lived a great life as all of the Freeland animals do. I bet she's running around rainbow bridge with Lewis, Mama Kitty and all the other kitties who have past. I love you Frosty. I miss you. Aunt Laura

“ Frosty came into my life like a whirlwind. 6 weeks old and very active. I fell in love immediately with her spirit. We were together 23 years and I was blessed to be with her at home as she left this world. But oh how I miss her.
