

## Gabbi Rose Vickers

March 4, 2026

Gabbi Rose was our little girl. We enjoyed the 7 yrs we had her. She knew when something was wrong because she came to us to love on her.

Gabbi Rose was the best at cuddling in my lap in the recliner. I called it recliner cuddle time. I miss that the most.

Bless her heart she had a tough life with her medical conditions. She was born with epilepsy and had to take medicine 3 times a day. Then when she was 5 she was diagnosed with diabetes and had to insulin shots twice a day. But even with all that she took it all in stride. She was the best baby and I miss her dearly.

“ Sat was a month since our little girl crossed over the Rainbow 🌈 Bridge. It hasn't got any easier with her not being here. She will always be loved and missed. Hope you are having fun Gabster.

“ Gabbi was so precious. She would meet us at door when we got home, or if one of was here she would meet us at the gate. She was our welcome committee. Now its lonely without her here. She loved to come and sit in between your legs and be cuddled/loved on. At bed time, she would go to bottom of bed and work her way up till she was in between us. She always wanted our attention and we always wanted to give it. Boy isn't bedtime lonely.
