“ My precious Gidget was such a beautiful bunny. She wasn't much for snuggling except on her terms. She loved running up and down the hall, jumping on and off the couch and binkying. Gidget loved to eat match stick carrots and parsley. She was peculiar, she would not pee and poop in the same litter box. We had to have two boxes....she peed in one and pooped in the other. Gidgy was so much fun and I miss her so much. She left us too early. RIP my sweet baby bunny....I will always love and miss you.
