“ It's been five months since I lost Ginger and I still have trouble talking about it. We all miss her so much. Her housemate a seven-year-old sheltie also misses her. She'll go to the back porch and walk out just a few feet and look around like she's looking for her. Ginger was my second golden retriever and was just a sweet loving as you could ask of any dog. Everyone in love Ginger. When she went to the groomers' or the Vet she would run down the hall to greet them. Her death was caused by congenital liver failure. She was only seven years old. I know she will be missed by every life that she touched. She was a rescue dog that somebody threw out like trash in the Texas desert to die. I took her into my home and she made a place in my heart that I will always hold dearly. I feel blessed that the good Lord saw fit to give me that time with her . I know that she's in a better place now because she's with my Lord and Savior, Jesus.
