“ When I went out to lunch I remember the day I brought you chicken from my lunch and put it in my outside pocket of my purse and you came back to my desk and got it out of my purse and took it to the lab and ate it! Also, I remember that I would get ready to go to lunch and you would follow me around and danced around until we went to lunch. You would follow me around and dance and run down the hallway go around the corner to the lunch room and wait on me to get there. I will miss taking you outside to the bathroom at 3:00. I will miss your inside voice and your outside voice that your mom taught you and she taught you a lot .
We all miss you and I miss you very much and love you.
Love,
Aunt Vicki

“ Gracie was such a sweet girl every time I met her. She had the cutest little face and such sweet eyes!
I'll miss knowing you're hanging out on "your" couch relaxing with your mom :) rest in peace knowing you'll see each other again one day.

“ Donna, you gave your little Gracie such a wonderful, adventure filled life! I'm so sorry your heart is in shambles right now, but I have no doubt that you will see her again in heaven where she, undoubtedly, will have already made a name for herself as the hippest, most stylin' pup in the heavens :) Big hugs!!!

“ Gracie was such a beautiful girl and she loved her mama more than anything else in the world. Even though her past prior to her mom will always remain a mystery, she brought so much love and life to everyone she met. I like to remember Gracie riding around town with her mom with her hair blowing in the wind. Gracie, you'll be forever loved and will always remain in our hearts. Love, Aunt Gina

“ My sister found Gracie at her groomers who rescued dogs and one day she went to get her little dog Daisy from her and she saw what would be "Gracie" and called me and said she felt that we belonged together. I went the next day and was introduced to the absolute precious and loving dog I would ever have the good fortune to keep. Gracie was my soulmate . We felt it immediately, my eyes met hers and I knew this was special. I picked her up the next day and had the absolute pleasure of getting to know her. I had the best luck in the world when my then boss said I could bring her to work with me. Well, that was 11 years ago and she became everybody's best friend not only in the office I worked in but in the whole building. She rescued me that day❤️ I don't think I'll ever have the opportunity to have another best friend like her . She was my moon, my star and my heart. I'll remember you always my Gracie girl.
