

Gretchen Case

May 17, 2011

Gretchen came to us almost as if she had been placed in our hands by an angel. In spite of the weather, this little puppy who appeared at the door looked clean and well fed. From that moment on she was the most devoted and loving little dog we had ever had. It was so hard to lose you, Gretchen, but we knew that you were ready to go on. You will always be remembered.
