“ Thank you for choosing me to be your owner. I knew from the moment you jumped up to greet me that I was going to love you forever. You had many talents like jumping to the top of a door way or running like you were a Kawasaki taking a sharp turn. But your biggest talent was showing me how much you loved me. The outrageous screams and cries when I would leave and the excitement when I returned. All the snuggles, sleeping at my feet or in my arms like a child and even having your puppies in my bed between my legs only for me to wake up to try and sleep somewhere else and you wouldnt finish til I laid down beside you. Hannah you was absolutley the best dog and I'll treasure our memories forever.
