“ *"Haydens Dove" that was his given name. He brought so much joy to our lives. I remember the day that Christy Graff and I went to pick him out. He was one of 14 puppies and the lady that had him sure was pushing us to pick him. He towered over all his brothers and sisters, I actually picked another one the first time we went. A few days later Willie and I went back and he saw "Hercules" and that is the one we brought home. He loved the water and also loved to play ball, in fact, one of our friends said that he had to have shoulder surgery after leaving our house one day from throwing the ball to him so much. He lived a great life. Never once did I regret choosing him, or maybe he chose us. Making the decision to put him down was not easy, to say the least. When we got to the vet this morning, I questioned myself and almost told Willie to get him and run. I knew that his quality of life had deteriorated over the past few months, to the point of not being able to eat or get up and down the steps. It was time. "" Sept 21, 2004 - June 23, 2017. What a wonderful life he lived. He will be missed everyday I live.*
