JW

“ We adopted Henry in February of 2002. He was an instant joy to both of us. During the 11 years he was with us, he brought us much happiness, much love and many hilarious memories. Henry loved his heated bed, his blankets, cheese, Dogsters ice cream, and most of all, us. We shared our life with Henry online, and he had many friends. We appreciate the love and support that we've gotten from his friends.

Henry was a precious part of our lives, and we will miss him dearly. We know we did the kindest thing for him, but a hole has been left in our hearts.

Rest in peace, Henry. We love you and will never forget you.
