GF

“ Birth name: Rachel was renamed by Gayle and Sarah to Honey Dog. Born June 21, 2004. Died July 31, 2021.

*She was a loyal companion and spent most of her time with her human owner, Gordon. She loved going everywhere he did. If it was geocaching or photoshoots, she wanted to go. In her younger days, she would see her leash coming and start jumping 3 feet straight up in the air in excitement. Although she didn't care too much for other 4 legged creatures, she loved most humans!*

*She is missed so much it hurts!*
