“ My boopie, boopikins, munch, munchie, duke, duka, ice! You answered to EVERY nickname I called you....when you didn't have an attitude and decide to ignore me lol. Where do I start? I guess I will start with you pooping on my head lol. We shared so many great memories! Sneaking on my bed, and doing things mom and pop didn't know about lol. You were the only one who didn't get on my nerves lol. I looked forward to coming home to see your face everyday. During dinner time you would jump on people's leg for ice, even if we weren't done eating. I remember chasing your fast behind when you got loose and the only way I could catch you is when you stopped to pee. I miss you so much! You brought me so much joy! I hate that you are gone....and it is the hardest thing EVER! You were my favorite HELLO and hardest GOODBYE! It's hard coming home to an empty cage and everything in the house reminds me of you! But I know you're not suffering anymore and you held on as long as you could! Thank you for making my life so much better! I love you!

“ Icee man it was great getting to know you. I always smile when I see you coming through the door at the shop. And how everybody would fight over who was going to say hello first but you would always come to me. You where an awesome little man. I remember when someone would pet you and stop you would bark until they petted you again. I'm glad I had the pleasure to keep you when your family would have to go out of town. That was always awesome wasn't it Icee Man you got to sleep in the bed with me always on the bottom corner. Which that was the cats spot but you didn't care he would give you the evil eye and you would just lay down and go to sleep. I remember June 30 2018 when I had my wreck in Adamsville and you where with me I made sure first that you were ok first you really meant a lot to me Icee. I always looked forward to our time together. You will be missed dearly please look after Lucy I know she is showing you the ropes. But don't let her be to bossy to ya man love you and miss you deeply

“ Dear, ICEE

Man this is truly hard, even though I know how life works, I always dreamed of remaining in an everlasting fairytale with you. I just wish I could have more days with you. I LOVED you from the first time I set my eyes on you. I knew you was special, and that my friend you truly were. You started out as just a pet, but that quickly changed from that first morning I spent with you. I remember removing you from your cage. You and I both was still sleepy so I laid you down right in front of me and we both fell asleep together closing our eyes simultaneously.

That moment I knew you would be more. So no you were never just a dog to me but a true friend that I had by my side for every aspect of my life. You was my best friend, my brother, and also my child.

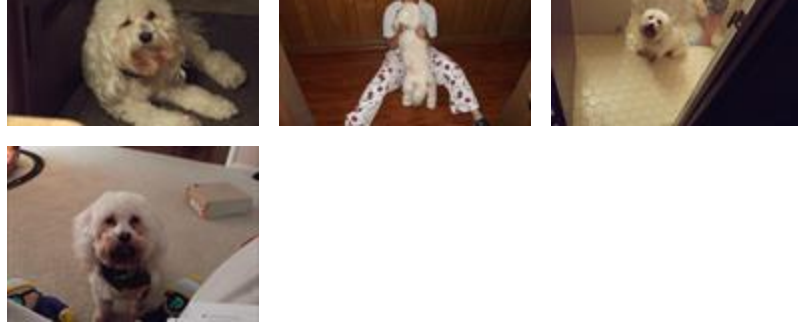

Oh yeah my shadow as ma would say. I have so many memories of my Icee man and I going to miss the hell out of you dude. I hate that your gone. I hate I can't hold you. I LOVED every moment I had with you, but I also want to THANK YOU for always being there, for being so loving, and also staying with us for long as you did.

THANK YOU for giving us additional moments for us to enjoy with you even though I know you wanted to give up a while ago.

You will never be forgotten my buddy and I do believe we will see each other again someday. With that being said because I can never write enough words to truly express how I feel about you dude so im going to end with this. I LOVE YOU SO MUCH!!!! One of my favorite thing you would do was always be waiting at the door for me to walk into our home. So just like the movie I believe all dogs go to heaven at least you will. So whenever its time for me to go home I pray you will be waiting at the gates for me. Even though now that your gone I feel just as empty as these hallway, but I promise to you i'll bounce back. I LOVE YOU Deli Mane and can't wait to be one day united with my best friend/ brother so this is goodbye for now.

Till next time, Joel

“ *Where do I begin....*

Icee, I am missing you so much, but so thankful that you're not in pain anymore... I will always be grateful for the 15 yrs. that we had with you. You have brought so much joy to me and your family... you were a spunky little thing..so much personality.. I know you was rolling your eyes and ignoring me, when you didn't want to do what I told you 😊 just like your siblings, Joel, Victoria, and Jereme...they always knew to do it behind my back 😊 I have so many memories and will always cherish each one, for you will always be in my heart ❤️ I want to share two of my favorites...the 1st one, is when Joel and Victoria would come home, how you would fly around their cars to get to them....the 2nd, I don't care what room you where in, how softly I tried to pop that can of Vienna's, you could always hear, and come flying in the kitchen, with that nose in the air...😂 I could go on and on about you little dude...but just know you will always be missed and loved forever and there will NEVER be another like you, nor take your place...your mom, Val
