“ *Ingram was such a good dog! He was momma' s baby! He could howl "I Love You" and when he was younger he loved to roll around in the fall leaves! He was known to be a runaway on cool days! He is very loved by our family and friends. His blue eyes melted my heart everyday. He loved to play fight with his Yorkie brother. He was very gently with little Kingsley. He also has a little chiuwawwa sister named Carley and they liked to cuddle. He has human siblings as well. My daughter Crissi is 11 and my Son Casen is 9. He was always gentle with them. He was around since they were babies. My husband, Casey and I are his mommy and daddy. We will miss him every single day! He has touched our lives and will remain in our hearts forever!*
