“ *Itty-bitty came into our lives 14 years ago as a kitten so small he fit in the palm of your hand. He was this tiny, stunning Munchkin kitten who seemed so shy with his big, beautiful sky blue eyes and squeaky meow, but he was as stubborn as he was pretty. Before Itty-bitty became part of our family, he had already made best friends with the sweetest Scottish Fold kitten the world has ever known. There was no hesitation from my mother when she found this out, and so our family grew by two that day, our beloved babies Itty-bitty and Tufur. Itty-bitty quickly proved to be quite sneaky and wary of most people, but Tufur was the definition of a doting lap cat. So very different kitties, yet there was no doubt that they shared a wonderful bond, like brothers. Watching their antics together was always funny and heart-warming, but unfortunately our Tufur passed a few years after his adoption from a chronic heart disease. Itty-bitty was noticeably saddened by his brother's passing, and it took some time before he started getting back to normal, but he ended up growing more affectionate and playful than ever not too much later. He enjoyed the company of his baby brother Clyde and baby sister Midnight for years, always keeping them in check when they got on his nerves or over-stepped their boundaries. Itty-bitty was one of a kind in so many ways. He loved us all and was loved as family by everyone, but he and my mother always had a special bond. Itty-bitty was her baby. He slept by her side every night until the very end, and he knew how to get anything he wanted from her. He loved ice-cream more than any human I've known, he was as smart as any one of us, and he was truly the king of his castle. Itty-bitty will always be in our hearts, in our prayers, and most certainly in our memories. We love you and miss you so much, our Itty-bitty baby.*

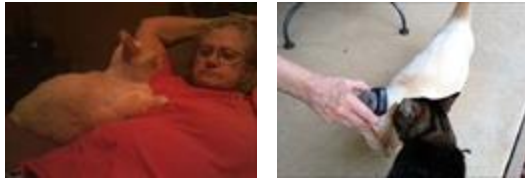

*Eternal love from Vicki, Jack, Peyton, Paige, Kier, Midnight and Clyde Knight. Rest in peace, sweet boy.*
