

## Jagger Self

June 17, 2024

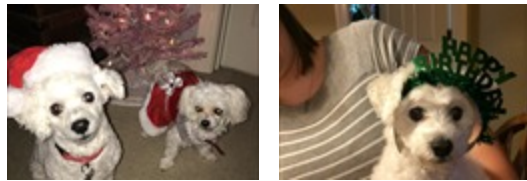

Jagger was the best. We got him when I was in middle school, I picked out his middle name. He was by my side through all my older childhood, all the way to playing with my son. We cuddled at night when I was pregnant, and of course he'd take up most of the bed. He was more than a dog, he was truly family. When my sister and I got pregnant, we told Jagger how he was going to be an uncle.

From camping, to going to the lake and just being lazy (his favorite), we always had the best time. I'll always miss you Jigs

Jagger was such a sweet boy. We loved cuddling in the mornings before school or work. And we also loved sneaking him pieces of table food. He was a great family dog. I love you Jiggys!!
