

Jasmine Robertson

August 19, 2024

Jasmine was born in the Canary Islands , Spain. We adopted her from a shelter in 2012. My son was 16 years old and my daughter was 8 years old when we adopted Jasmine. She has been a part of our family for 13 years. And has even been able to meet my grandchildren . We have been through a lot of changes in our family and Jasmine was always there with us to comfort us when we needed her. She even traveled back to the U.S. with her very own passport. We lived with my parents for a while and my dad has side effects from a stroke. He is not stable when he stands and walks. Jasmine became his constant companion and would even alert us when he was trying to stand. She will always be remembered in our family as our faithful companion. We will miss Jasmine so much. We love you Jazzy!:heart:
